Our container storage yard is ideal for customers with empty containers, trailers, or flatbeds up to 53' in length. Get a free. Industrial yards that are required for the storage and use of Shipping Containers of all types, while in high demand, represent a category of storage yard that presents very distinct and specific challenges. The Elden Company really stands out in this particular category, and excels at offering. Fleet Yards has grown to become the leading provider of secure container yards in Southern California by offering services beyond a secure place to store cargo and equipment. We have invested heavily in developing some the most advanced technology in the industry. Our real world solutions are. The Elden Company maintains an ongoing business alliance with the largest fleet yard operator in Southern California, and the leading provider of secure container yards in Southern California. These sites feature a consistent inventory of secure & permitted truck, container, and outside storage. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. Are you searching for truck trailer storage in a convenient location with secure space and affordable pricing?
