California Energy Storage Alliance (CESA)

The California Energy Storage Alliance (CESA) is a 501c(6) membership-based advocacy group committed to advancing the role of energy storage in the electric power sector through policy development, education, outreach, and research.

California now has more than 13GW of battery storage

Installed battery storage capacity in California has grown from just 500MW in 2018 to more than 13,300MW at the latest count. According to the newest Energy Storage Survey published by the California Energy ...

California now has more than 13GW of battery storage

Installed battery storage capacity in California has grown from just 500MW in 2018 to more than 13,300MW at the latest count. According to the newest Energy Storage Survey published by the California Energy Commission (CEC), as of 11 September 2024, there is 13,391MW of cumulative battery storage capacity in the US state.

CESA

Strategen established the mission for CESA to make energy storage a mainstream resource to

support California's grid. Through its core principles of collaboration, technology-neutral competition, and long-term credibility, Strategen has helped CESA ...

Our Team , CESA

Alex Morris is CESA's Vice President of Policy and Operations. In this role, Alex promotes CESA interests through education and advocacy, ensuring energy storage solutions can support grid reliability and clean energy efforts. Alex directs CESA's engagement in an array of California and Federal agencies, workgroups, and associations.

California Energy Storage Alliance (CESA)

California Energy Storage Alliance (CESA) is a 501c(6) membership-based advocacy group committed to advancing the role of energy storage in the electric power sector. At 100+ ...

Our Members

Discover the diverse organizations that make up CESA's dynamic coalition, driving innovation and growth in the energy storage industry. CESA members are the leaders of the energy storage industry. Our membership includes technology manufacturers, project developers, systems integrators, electrical contractors, software developers

About Us

California Energy Storage Alliance (CESA) is a 501c(6) membership-based advocacy group committed to advancing the role of energy storage in the electric power sector. At 90+ members strong, CESA is the definitive voice of energy ...

Storage Alliance

Shape the California energy storage market with CESA. Access experts, network with industry leaders, and stay informed on the latest developments. Join us in advancing a sustainable power system for all Californians.
