Zimbabwe's power crisis set to persist into 2025

15 · Zesa Holdings, the country's state-owned electricity supplier, reported that power generation as of the latest figures stood at 869 MW, with 695 MW coming from Hwange, 124 MW from Kariba, and 50

Power crisis: Everyone in belly of the beast

1 · The crisis has severely affected ordinary Zimbabweans, many of whom rely on expensive diesel generators to power homes and businesses. Despite the government commissioning Units 7 and 8 at Hwange Power Station in 2023 after a US\$1,4 billion upgrade, the ...

Mthuli pins hope on reforms , Business Times

4 · The power crisis remains a significant impediment to economic growth. Industries operate below capacity, agriculture suffers from unreliable irrigation systems, and job creation is stifled. By prioritizing energy reforms, the government aims to unlock Zimbabwe's economic potential and improve living standards for its citizens.
